

BUSINESS AND INDUSTRIAL SPACE

FOR SALE/TO LET

From 3,003 Sq.ft (279 Sq.m) to 28,031 Sq.ft (2,604 Sq.m)

VESTY BUSINESS PARK, VESTY ROAD, OFF BRIDLE ROAD,
BOOTLE, MERSEYSIDE

DESCRIPTION

The development comprises of 17 single storey industrial units and 4 semi-detached two storey business/hybrid units built to a high specification.

The units are offered in a range of sizes, each provided with allocated car parking and service yards.

The business unit accommodation is provided over two floors with ground floor predominantly assembly space. This can be easily converted into other uses such as laboratory/research or office space. The first floor of each unit provides a fully fitted office.

Security features strongly in the design with internal shutters to doors and windows, and 1.8m paladin fencing. Each unit is also fitted with a fire alarm and the business units include burglar alarms.

HYBRID/BUSINESS SPECIFICATION

Assembly Area (Ground Floor):

- Attractive brickwork, glazing and composite panel elevations
- Ground floor loading 30kN/Sq.m
- Connections to all main services
- 10 KVA/100m²
- Internal front entrance door and window shutter
- Electrically operated roller shutter door (2.9m)

Office Area (First Floor):

- Fully heated and carpeted
- Kitchenette facilities
- Platform lift
- Raised access floors
- Comfort cooling

INDUSTRIAL SPECIFICATION

- High quality brick glazed and clad elevations
- Kitchenette facilities
- Ground floor loading 37.5KN/m²
- Office suite including carpeting, and gas central heating
- 6m clear height to underside of haunch
- All mains services and drainage connected
- 10KVA/100m²
- Gated service yard to some units
- 5m high motorised loading doors
- Security shutters to ground floor, windows and front entrance door

RENEWABLE ENERGY SOURCE

The provision of wind turbines provides renewable energy and contributes to the reduction of energy costs for each unit. Any surplus power may be exported via the distribution network generating income for the occupier. Building mounted wind turbines are fitted to each unit (except Unit 4, which benefits from a free standing turbine).

SUSTAINABILITY AND DESIGN

These units have achieved a Very Good BREEAM (Building Research Establishment Environmental Assessment Method) rating. This means that sustainability and environmental issues have been take into account in their construction and future operations.

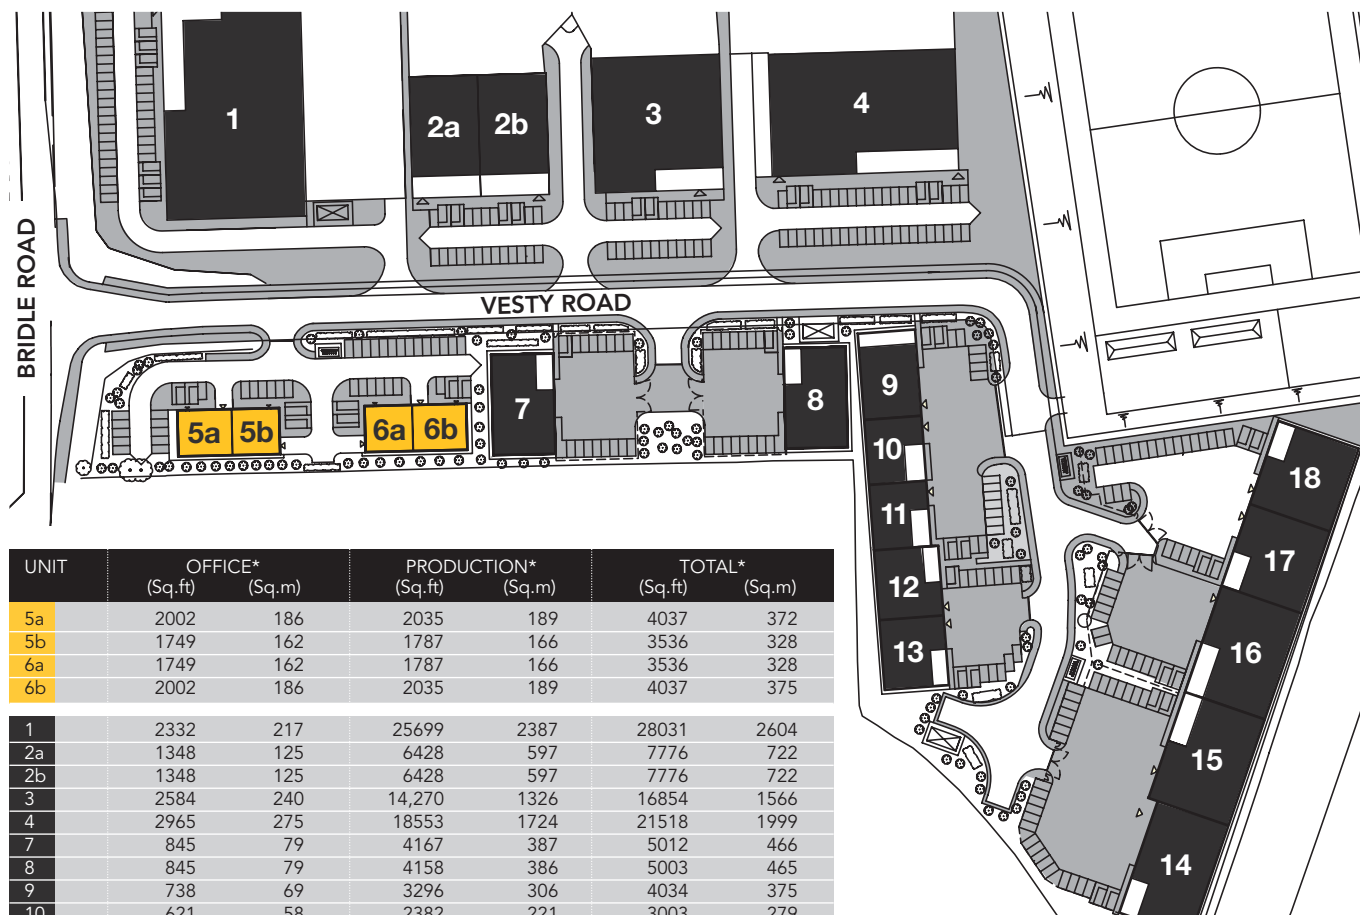

PLANNING

Planning permission has been obtained for B1 (Business) B2 (General Industry) and B8 (Warehousing) and Distribution) uses.
